5. Enter your full district email address including @gvsd.us in the username field and click Sign In.

6. If this is your first time signing into Aeries with Google, you will be taken to a new window where you'll be asked to confirm you are allowing Aeries to access your Google account. Click on your district Google account to accept this prompt. You only have to perform this step once to create the link between Google and Aeries.

7. You will now be returned to the Aeries login windows. Confirm your login site and click continue to enter Aeries.
